Research Associate:

- [Simon Fraser University](#), Department of Biological Sciences, Burnaby, BC, Canada;
- [Royal BC Museum](#), Victoria, BC, Canada;

Fellow:

- [Royal Canadian Geographical Society](#) .

How does climate affect biodiversity? Why are various plants and animals distributed across the globe as they are? Why do communities have particular compositions? I address these and other basic questions about ecosystems by comparing modern insect communities with the diverse and well-preserved insect communities of the early Eocene Okanagan Highlands series of fossil sites in British Columbia, Canada and northern Washington, USA.

### Covers

### Journal Publications

#### 2022

- 62- Makarkin, V.N., Antell, G.S., and Archibald, S.B. (2022) A revision of Chrysopidae (Neuroptera) from the late Eocene Florissant Formation, Colorado, with description of new species. *Zootaxa* **5133** (3): 301–345.  
DOI: <https://doi.org/10.11646/zootaxa.5133.3.1>
- 61- Archibald, S.B., and Cannings, R.A. (2022) The first Odonata from the early Eocene Allenby Formation of the Okanagan Highlands, British Columbia, Canada (Anisoptera, Aeshnidae and cf. Cephalozygoptera, Dysagrionidae). *The Canadian Entomologist* **154** (e29): 1–8.  
DOI: <https://doi.org/10.4039/tce.2022.16>
- 60- Archibald, S.B. and Rasnitsyn, A.P. (2022) The early Eocene *Eourocera anguliterreus* gen. et sp. nov. (Hymenoptera, Siricidae) from Republic, Washington. *Zootaxa* **5105** (2): 289–295  
DOI: <https://doi.org/10.11646/zootaxa.5105.2.8>
- 59- Simonsen, T.J., Archibald, S.B., Rasmussen, J.A., Sylvestersen, R.L., Olsen, K., and Ware, J.L. (2022) *Danowhetaksa* gen. nov. with two species from the early Eocene Ølst Formation from Denmark, the first Palearctic Whetwhetaksidae (Odonata: Cephalozygoptera). *Zootaxa* **5099** (5): 586–592.  
DOI: <https://doi.org/10.11646/zootaxa.5099.5.5>

- 58- Archibald, S.B., Gu, J.-J., and Mathewes, R.W. (2022) The Palaeorehniidae (Orthoptera, Ensifera, “Zeuneropterinae”), and new taxa from the early Eocene Okanagan Highlands, western North America. *Zootaxa* **5100** (4): 559–572.  
DOI: <https://doi.org/10.11646/zootaxa.5100.4.6>
- 57- Archibald, S.B., Cannings, R.A., and Greenwalt, D.E. (2022) *Kishenehna prima*, a new genus and species of darner dragonfly (Odonata, Aeshnidae, Gomphaeschninae) from the early middle Eocene Kishenehn Formation of Montana, USA. *Zootaxa* **5099** (4): 496–500.  
DOI: <https://doi.org/10.11646/zootaxa.5099.4.5>

## 2021

- 56- Archibald, S.B., and Cannings, R.A. (2021) The head of Cephalozygoptera (Odonata). *Zootaxa*, **5047**(1): 97–100.  
DOI: <https://doi.org/10.11646/zootaxa.5047.1.10>
- 55- Rubino, E, Leier, A., Cassel, E.J., Archibald S.B., Foster-Baril, Z., and Barbeau Jr., D.L. (2021) Detrital zircon U-Pb ages and Hf-isotopes from Eocene intermontane basin deposits of the southern Canadian Cordillera. *Sedimentary Geology*, **422** (2021), 105969.  
DOI: <https://doi.org/10.1016/j.sedgeo.2021.105969>
- 54- Archibald, S.B., Aase, A., and Nel, A. (2021) The second North American fossil horntail wood-wasp (Hymenoptera: Siricidae), from the early Eocene Green River Formation. *Zootaxa*, **4999**(4): 325–334.  
DOI: <https://doi.org/10.11646/zootaxa.4999.4.2>
- 53- Mathewes, R.W., Archibald, S.B., and Lundgren, A. (2021) Tips and identification of early Eocene *Fraxinus* L. samaras from the Quilchena locality, Okanagan Highlands, British Columbia, Canada. *Review of Palaeobotany and Palynology*, **293**: [in press].

### Invited Conference and Department Presentations

- Archibald, S.B. (2021) [Dragonfly Society of the Americas](#) Virtual Lecture Series, August 13.
- Archibald, S.B. (2021) World Dragonfly Association meeting July 15th.
- Archibald, S.B. (2017) Geological Survey of Canada. Vancouver, BC. April 19.
- Archibald, S.B. (2016) Keynote talk: The Okanagan Highlands, an early Eocene Lagerstätten. [Muse<sup>®</sup>um Natur](#), Symposium: Mo-clay in the Danish Limfjord area-candidate to UNESCO World Heritage List, Skive, Denmark, November 2-4.
- Archibald, S.B. (2016) Fossil insects of McAbee: what they tell us. [Florissant National Monument](#), Florissant, Colorado, USA, August 30.
- Archibald, S.B. (2016) Current Research. The Royal British Columbia Museum, Victoria, BC, February 19.
- Archibald, S.B. (2016) Global patterns of diversity and distributions: what Eocene fossils of the Okanagan Highlands tell us about big picture biogeography. University of British Columbia Okanagan campus, Departments of Earth and Environmental Sciences and Physical Geography, Kelowna, BC, January 28.
- Archibald, S.B. (2015) Fifty Million-Year-Old BC Fossil Forests: The Dawn of the Modern World. Southern Interior Silviculture Committee (SISCO) Annual General Meeting, Kamloops, BC, February 10.
- Archibald, S.B. (2014) BC fossil site management: problems, solutions, and opportunities. Keynote talk, *Friends of Ecological Reserves*, University of Victoria, Victoria, BC, March 7.
- Archibald, S.B. (2014) Global patterns of biodiversity and climate: what fossil insects tell us. Simon Fraser University public lecture series: *Deep Time, Global Change and YOU: The past as a guide to the future*: A David and Celia Ting Endowment Fund Lecture Series, SFU Harbour Centre, Vancouver, BC, February 6. [video here](#) 
- Archibald, S.B. (2013) BC fossil site management: problems, solutions, and opportunities. Plenary talk, [BC Protected Area Research Forum \(BCPARF\)](#), Thompson Rivers University, Kamloops, BC, December 4.

- Archibald, S.B. (2013) Deciphering global patterns of biodiversity at the McAbee fossil beds. Faculty of Science, Thompson Rivers University, April 4.
- Archibald, S.B. (2013) Global patterns of biodiversity, climate, and Eocene insects. Department of Biology, University of San Diego, February 26.
- Archibald, S.B., Greenwood, D.R., Mathewes, R.W., Bossert, W.H., and Farrell, B.D. (2012) Climate, global patterns of biodiversity, and Eocene Insects. 34th International Geological Congress, August 5-10, 2012, Brisbane, Australia, session 3.5 - The silent majority: Cenozoic (Paleocene-Pliocene) records of climatic warmth.
- Archibald, S.B. (2011) Global patterns of biodiversity, climate, and British Columbia Eocene insects. Bulkley Valley Research Centre, May 27, 2011.
- Archibald, S.B., Greenwood, D.R., Mathewes, R.W., Bossert, W.H., and Farrell, B.D. (2011) Climate, global patterns of Cenozoic biodiversity, and Eocene Insects. 9th British Columbia Paleontological Alliance Symposium & Third Annual Peace Region Paleontological Symposium, May 20-23, 2011, Tumbler Ridge, BC.
- Archibald, S.B. (2011) Seasonality, diversity, and Eocene insects. Paleontology Group, University of Washington, Seattle, WA.
- Archibald, S.B. (2010) Seasonality, the latitudinal gradient of diversity, and Eocene insects. School of Resource and Environmental Management, Simon Fraser University, Burnaby, BC.
- Archibald, S.B. (2009) Global diversity patterns and seasonality: The Eocene insect view. University of Saskatchewan, Saskatoon, Saskatchewan.
- Archibald, S.B. Mathewes, R.W., and Greenwood, D.R. (2009) Were mountain passes higher in the Eocene?: preliminary results of insect beta diversity analysis across the Okanagan Highlands. Brandon University, Brandon, Manitoba.
- Archibald, S.B. (2009) Climate and global patterns of biodiversity: what fossil insects from McAbee, BC tell us. First Annual Peace Region Palaeontology Symposium in Tumbler Ridge, Tumbler Ridge, BC, May 23, 2009.
- Archibald, S.B. (2007-8) The latitudinal gradient of species diversity: the Eocene insect perspective. Given at:
- Thompson Rivers University, Kamloops, BC, September 25, 2008;
  - The Geological Survey of Canada, Vancouver, BC, June 18, 2008;
  - The University of Alberta, Edmonton, Alberta, February 25, 2008;
  - Simon Fraser University, Burnaby, BC, November 29, 2007;
  - Brandon University, Brandon, Manitoba, October 23, 2007.
- Archibald, S.B. (2006) The latitudinal gradient of species diversity: the Eocene insect view. Department of Plant, Soil, and Insect Sciences, University of Massachusetts, Amherst.
- Archibald, S.B. (2003) Scorpionflies and Hangingflies (Mecoptera) of the Eocene Okanagan Highlands (British Columbia, Washington State). Geological Society of America, Seattle.

Archibald, S.B. (2002) Eocene insects of "The Okanagan Highlands" of British Columbia / Northern Washington State: diversity and climate. Canadian Museum of Nature, Ottawa, Ontario.

### **Conference Presentations**

Archibald, S.B., Rasnitsyn, A.P., Brothers, D., and Mathewes, R.W. (2018) Modernisation of the Hymenoptera: ants, bees, wasps, and sawflies of the Early Eocene Okanagan Highlands of western North America. 2018 Entomological Society of America, Entomological Society of Canada, and Entomological Society of BC Joint Annual Meeting, November 11–14, 2018, Vancouver, Canada.

Archibald, S.B., and Mathewes, R.W. (2014) Early Eocene insects of the Okanagan Highlands. Geological Society of America Meeting, October 19–22, 2014, Vancouver, BC, Canada.

Archibald, S.B., Morse, G.E., Greenwood, D.R., and Mathewes, R.W. (2014) Hindcasting upland winter temperatures fifty million years ago in the BC Interior with beetles. Tenth British Columbia Paleontological Symposium, sponsored by the British Columbia Paleontological Alliance and the Royal British Columbia Museum. May 9–12, Victoria, BC.

Archibald, S.B., Makarkin, V.N., Greenwood, D.R., and Gregg F. Gunnell (2014) The Red Queen and Court Jester in green lacewing evolution: bat predation and climate change. Tenth British Columbia Paleontological Symposium, sponsored by the British Columbia Paleontological Alliance and the Royal British Columbia Museum. May 9–12, Victoria, BC.

Archibald, S.B., Makarkin, V.N., Greenwood, D.R., and Gregg F. Gunnell (2012) Bats and Climate Change: the Red Queen and Court Jester in Green Lacewing Evolution. Geological Society of America Meeting, November 4-7, 2012, Charlotte, North Carolina, U.S.A.

Archibald, S.B., Greenwood, D.R., and Mathewes, R.W. (2012) Eocene fossil insect diversity, climate, and topography across southern BC and northern Washington. Entomological Society of BC Meeting, October 11-12, 2012, Summerland, BC.

Archibald, S.B., Greenwood, D.R., Mathewes, R.W., Bossert, W.H., and Farrell, B.D. (2012) Climate, global patterns of biodiversity, and Eocene insects. 4th International Geologica Belgica Meeting, September 11-14, 2012, Brussels, Belgium.

Archibald, S.B. (2011) BC fossil site management: problems and solutions. British Columbia Protected Areas' Research Forum, University of British Columbia, December 7, 2011.

Archibald, S.B., Greenwood, D.R., Mathewes, R.W., Bossert, W.H., and Farrell, B.D. (2011) Climate, global patterns of Cenozoic biodiversity, and Eocene insects. The World at the Time of Messel: Puzzles in Palaeobiology, Palaeoenvironment, and the History of Early Primates. 22nd International Senckenberg Conference, Frankfurt am Main, Germany, November 15th–19th, 2011.

- Archibald, S.B., Johnson, K.R., Mathewes, R.W., and Greenwood, D.R. (2011) Messel to Wyoming: Eocene giant ants, Arctic bridges and gates. The World at the Time of Messel: Puzzles in Palaeobiology, Palaeoenvironment, and the History of Early Primates. 22nd International Senckenberg Conference, Frankfurt am Main, Germany, November 15th–19th, 2011.
- Archibald, S.B., Greenwood, D.R., and Mathewes, R.W. (2011) Beta diversity, climate, and topography across an early Eocene landscape. 21st Canadian Paleontology Conference, Vancouver, BC, Canada, August 19-22, 2011.
- Archibald, S.B., Makarkin, V.N., and Greenwood, D.R. (2011) Cenozoic climates and the evolution of green lacewings (Neuroptera: Chrysopidae). 21st Canadian Paleontology Conference, Vancouver, BC, Canada, August 19-22, 2011.
- Archibald, S.B., Johnson, K.R., Mathewes, R.W., and Greenwood, D.R. (2011) Intercontinental dispersal of giant thermophilic ants across the Arctic during early Eocene hyperthermals. 21st Canadian Paleontology Conference, Vancouver, BC, Canada, August 19-22, 2011.
- Archibald, S.B., Greenwood, D.R., and Mathewes, R.W. (2011) Beta diversity, climate, and topography across an early Eocene landscape. Climate and Biotic Events of the Paleogene, Salzburg, Austria, June 5-8, 2011.
- Archibald, S.B., Makarkin, V.N., and Greenwood, D.R. (2011) Cenozoic climates and the evolution of green lacewings (Neuroptera: Chrysopidae). Climate and Biotic Events of the Paleogene, Salzburg, Austria, June 5-8, 2011.
- Archibald, S.B., Johnson, K.R., Mathewes, R.W., and Greenwood, D.R. (2011) Intercontinental dispersal of giant thermophilic ants across the Arctic during early Eocene hyperthermals. Climate and Biotic Events of the Paleogene, Salzburg, Austria, June 5-8, 2011.
- Archibald, S.B., Mathewes, R.W., and Greenwood, D.R. (2009) Were mountain passes higher in the Eocene?: Preliminary results of insect beta diversity across the Okanagan Highlands. Geological Society of America Annual Meeting, Portland, Oregon, USA, October 18-21, 2009.
- Archibald, S.B., Bossert, W.H., Greenwood, D.R., and Farrell, B.D. (2009) Seasonality and the latitudinal gradient of diversity: the Eocene insect perspective. Climate and Biotic Events of the Paleogene, Wellington, New Zealand, January 12-15, 2009.
- Archibald, S.B., Bossert, W.H., Greenwood, D.R., and Farrell, B.D. (2007) Seasonality and the latitudinal gradient of diversity: the Eocene insect perspective. Geological Society of America Annual Meeting, Denver, Colorado, October 27-30, 2007.
- Archibald, S.B. (2007) Species diversity and climate: the Eocene insect view. Fossils X3 Congress (Palaeoentomology, Amber and its Inclusions, and Palaearthropodology), Vitoria-Gasteiz, Spain, May 2007.
- Archibald, S.B., and Makarkin, V.N. (2005) Eocene giant lacewings (Neuroptera: Polystoechotidae) from the Okanagan Highlands (British Columbia, Canada and Washington state, USA), Florissant (Colorado, USA), and Denmark. Geological Society of America / Geological Association of Canada conference, Calgary, Alberta, August 8-11, 2005.

- Archibald, S.B. (2005) A diverse new Eocene Mecoptera (Scorpionflies, Hangingflies) fauna from the Okanagan Highlands (British Columbia, Canada and Washington State, USA). Fossils X3 Congress (Palaeoentomology, Amber and its Inclusions, and Palaearthropodology), Pretoria, South Africa.
- Archibald, S.B. (2003) Fossil Mecoptera (scorpionflies, hangingflies) of the Eocene Okanagan Highlands (British Columbia, Canada; Washington State, USA) Entomological Society of America, Cincinnati.
- Moss, P.T., Greenwood, D.R., and Archibald, S.B. (2003) Eocene microthermal highland plant communities from the Okanagan Highlands (British Columbia/Washington). Geological Society of America, Seattle.
- Archibald, S.B., and Farrell, B.D. (2002) Eocene Insect Fauna of the Okanagan Highlands: Species richness and assemblage response to seasonal equability. Geological Society of America. Denver, Colorado.
- Archibald, S.B., and Farrell, B.D. (2001) Climatic origins of the latitudinal diversity gradient: Eocene insects of the Okanagan Highlands. Entomological Society of America, San Diego.
- Archibald, S.B., and Farrell, B.D. (2001) Eocene insect fauna of the Okanagan Highlands: change in diversity through climate and time. Second International Paleontological Congress, Krakow, Poland.
- Archibald, S.B., and Farrell, B.D. (2001) Eocene insect fauna of the Okanagan Highlands: change in diversity and assemblage through climate and time. Paleogene Biota and Climate Conference, Powell, Wyoming.
- Archibald, S.B., and Farrell, B.D. (2000) Eocene insect fauna of the Okanagan Highlands: change in diversity and assemblage through climate and time. The Third British Columbia Paleontological Alliance Conference, Kamloops, British Columbia, 2000.

- The Stonerose Interpretive Center, Republic, WA, June 27, 2009;
- The Stonerose Interpretive Center, Republic, WA, April 18, 2009;
- The Victoria Paleontological Society, Victoria, BC, November 19, 2008;
- The Kelowna Museum, Kelowna, BC, October 2, 2008;
- The Smithers Chamber of Commerce, Smithers, BC, August 21, 2008;
- The Courtenay and District Museum, Courtenay, BC, March 17, 2008.

***Other service:***

2011, December 7: coordinator, Special Session: Fossil Resources and Protected Areas, [British Columbia Protected Areas Research Forum](#).

2010–present: Scientific Advisory Committee, The Stonerose Interpretive Center, Republic, Washington, USA.

2010, July 17: BC Parks celebration of renovations at Driftwood Canyon Provincial Park, Smithers, BC.

2009 Session Co-chair, Paleontology: Environment & Evolution, Geological Society of America Annual Meeting, 18-21 October, Portland, Oregon, USA.

2007–2010 Member, International Scientific Committee, Fossils X3 Congress (5th International Congress of Palaeoentomology, 4th World Congress of Amber and its Inclusions, and 4th International Meeting of Palaeoarthropodology), Beijing, China, August 20-25, 2010.

2005–2009 Editorial board, *Alavesia*, the journal of the International Palaeoentomological Society

2005–2007 Member, International Scientific Committee, Fossils X3 Congress (4th International Congress of Palaeoentomology, 3rd World Congress of Amber and its Inclusions, and 3rd International Meeting of Palaeoarthropodology), Vitoria--Gasteiz, Spain, May 2007.

2005 Co-organizer/Session Chair (with D.R. Greenwood) of the Geological Society of America / Geological Association of Canada conference Earth System Processes 2, session T8: "Paleogene Biota and Climates of Western North America: Atmospheric, Biological, and Geological Processes on a Warm World", 8-11 August 2005, Calgary, Alberta.

2003–2004 President, The Cambridge Entomological Club.

2003 Organizer / Session Chair of Geological Association of Canada Conference special session: "The Eocene Okanagan Highlands (British Columbia/Washington State): Paleoclimate and Evolutionary Response". Vancouver, British Columbia.

2002–2003 Vice President, The Cambridge Entomological Club.

2000–2005 Training and supervising undergraduates in fossil collection management (moving, modernizing, cataloging, databasing the Frank Morton Carpenter Fossil Insect Collection, the largest fossil insect collection outside of Moscow and largest compilation of fossil insect literature in the world), Museum of Comparative Zoology, Harvard University.

1995–1999 Director, The British Columbia Paleontological Alliance.

1994–1996 Founding President, The Vancouver Paleontological Society.

## Teaching
